

St Michaels Community Hall

Organisation details

St Michaels Community Hall has not been used for any activity for some years and as a result is in need of renovation. The hope is that it can open its doors to support the local community. Planned activities include groups for young people during school holidays, coffee mornings including arts and hobby-crafts.

Project Details

The project will include:

- Repainting large community space
- Repaint toilets
- Gloss doors
- Ground clearance outdoors
- Clearing floor of mossy overgrowth

Date & Number of volunteers

This project will take place on the below date:

Monday 10th March 2025

We are looking to recruit up to 20 volunteers.

On-site support

On the day Participate will be providing a member of staff to support the volunteers. A trained first aider and first aid kit will be available during the challenge. A tools talk and health and safety briefing will be given by Participate at the beginning of the day.

Preparation

Volunteers will be undertaking gardening and painting activities and are required to wear old and reasonably robust clothing that you will not mind getting paint on. We do offer paint overalls, although these do not guarantee no damage to clothing. We also require sensible sturdy footwear, avoiding heels and open toe footwear. Where personal protective equipment is required, it will be provided.

Materials, tools and equipment to be provided by Participate

Tools and materials will be provided by Participate Projects.
