

## Keighley Creative

### Organisation details

Keighley Creative is a registered charity and visual arts organisation in the heart of Keighley. They collaborate with local artists and their community to put on fun and engaging activities around the area to encourage vibrancy and positivity. They listen and work closely with the residents of Keighley to ensure their programme represents the people they serve. They have a number of upcoming events for Bradford City of Culture 2025, such as their secret event in May, set to be one of Bradford2025's big events.

### Project Details

Graphic Design:

It is an exciting year for Keighley Creative and due to their involvement in Bradford2025, they are working hard to ensure Keighley is represented within this. They need to create an ample amount of digital visuals for their events and to advertise their services, for which they need help with. They are eager to learn their way around new programmes to achieve this and already have a branding package for which they want designs to be consistent with. They would also welcome any guidance on improving their website. Support needed:

- Help with designing infographics (leaflets, posters etc)
- Knowledge of various graphic design programmes and tools
- Help with using graphic design programmes and tools
- Website design

### Number of volunteers

We are open to working with a wide range of volunteers who are able to help us with the project above.
