

The Valley Project

Organisation details

The Valley Project provides a safe outdoor space for children and young people to meet, play and develop socially, emotionally and physically. They run regular open access sessions where children use hand tools to build dens, tree houses, climbing & jumping towers and generally let their imaginations run wild.

Their main aims are:

- Provide a safe outdoor space
- Reduce inactivity & isolation
- Reduce bullying & anti-social behavior
- Increase children's social & emotional competency
- Increase children's creativity & problem-solving skills

Challenge Details

This large site has a wide range of activities to complete, these include:

- Paint timber structures bright colours
- Extend play structure walkway
- Clearing
Overgrown plant areas, fallen leaves and cutting back trees

No volunteers and Date

Thursday 1st May 2025

5-volunteers

On-site support

On the day Participate will be providing a member of staff to support the volunteers. We will also be supported by trained Valley Project staff. A trained first aider and first aid kit will be available during the challenge. A tools talk and health and safety briefing will be given by Participate at the beginning of the day.

Preparation

Volunteers will be undertaking construction, painting and gardening activities and are required to wear old and reasonably robust clothing that they do not mind being potentially stained by paint. Volunteers should pay particular attention to footwear wearing tough shoes or boots. This is a relatively low risk challenge and where personal protective equipment is required it will be provided. This will include safety gloves. This challenge is taking place outdoors and as such the volunteers should be prepared for inclement weather or sunshine.

Materials, tools and equipment to be provided by Participate

Tools and materials will be provided by Participate and The Valley Project.
