

The Life Centre, Bierley

Organisation details

Bierley Community Centre aims to improve the quality of life in Bierley, South Bradford, by creating a welcoming community space. They offer various activities and opportunities to improve physical and mental health. The centre has been working for over 10 years, building relationships and supporting daily life with community programs, activities, services, and signposting to further support. Activities include a playgroup, a warm space, a community market, trips, parent groups, benefit advice, housing and jobs advice.

Challenge Details

The challenge is to build a multifunctional outdoor space. It will be a focal point for community events, fundraisers and establishing a growing produce group, run by local volunteers. Images below show the blank canvas we have to work with. Elements will include:

- Clearing ground
- Defining pathways
- Building raised beds
- Building benches
- Building seating spaces (with planters)

Number of volunteers

This opportunity will require a large number of volunteers. We are seeking a team of approx. 25-40 volunteers to ensure we complete this in one day.

On-site support

On the day Participate will be providing a member of staff to support the volunteers. A trained first aider and first aid kit will be available during the challenge. A tools talk and health and safety briefing will be given by Participate at the beginning of the day. We will also share with you our completed Risk Assessment for your own records, once interest is submitted.

Preparation

Volunteers will be undertaking painting and gardening activities and are required to wear old and reasonably robust clothing that you will not mind getting paint on. We do offer paint overalls, although these do not guarantee no damage to clothing. Where personal protective equipment is required it will be provided, this includes latex free gloves.

Materials, tools and equipment to be provided by Participate

Participate and Vanquis will provide all tools and materials to complete the tasks identified.
